Mr. Tom Vasilatos
Osborne Construction Company, Inc.
P.O. Box 97010
Kirkland WA 98083

SUBJECT: Interim Unsatisfactory Performance – Safety, Contract DACA85-01-C-0026, FY01
Replacement family Housing, Ft Wainwright, AK.

Dear Mr. Vasilatos:

I have determined that your performance on the safety element of our Construction Contractor evaluation program has been unsatisfactory for the 30-day period ending August 17, 2002. While I am aware you have recently taken steps to correct safety deficiencies continuing sustained emphasis on job-site safety is necessary throughout the duration of your contract.

Factors and events on this project that contributed to my determination include the following:

- 1) Failure to assure that a government accepted project specific accident prevention plan was in-place prior to the start of fieldwork.
- 2) The August 5, 2002 fall accident that resulted in serious employee injury.
- 3) The August 8, 2002 earthwork subcontractor accident resulted in approximately \$10,000 in property damage.
- 4) The August 14, 2002 circular saw accident that resulted in serious employee injury.
- 5) The 17 August, 2002 nail gun accident that resulted in employee injury.

I will reevaluate your safety performance in 90-days. If at that time you have demonstrated sustained satisfactory safety performance I will rescind this interim unsatisfactory evaluation. If, however, you fail to demonstrate satisfactory safety performance I will not hesitate to take further steps, in accordance with contract provisions, to assure you provide a safe worksite for your employees and subcontractors.

Should you have any questions regarding this matter, please contact me at (907) 753-2546.

Claudette M. McDonald
